

**NATIONAL  
MARROW  
DONOR  
PROGRAM®**

**2009 Council Meeting**

# Exhibitor Reference

**AABB**

8101 Glenbrook Rd, Bethesda, MD 20814

Phone: (301) 215-6590 [www.aabb.org](http://www.aabb.org)

AABB is an international association involved in transfusion medicine and cellular and related biological therapies. AABB supports the highest standards of medical, technical and administrative performance, scientific investigation, clinical application, and education. Membership consists of nearly 2,000 institutions and 8,000 individuals, and member facilities collect virtually all of the U.S. blood supply and transfuse more than 80 percent.

**Be The Match Foundation**

3001 Broadway Street NE, Minneapolis, MN 55413

Phone: (800) 507-5427 [www.BeTheMatch.org](http://www.BeTheMatch.org)

Fundraising partner of the National Marrow Donor Program.

**BioAccess, Inc.**

2302 Allen St, Allentown, PA 18104

Phone: (410) 675-8586 [www.bioaccess.com](http://www.bioaccess.com)

BioAccess is the manufacturer of the Bone Marrow Collection System. It is the only fully closed system for collection and filtration of bone marrow.

**BioE, Inc.**

4280 Centerville Rd, St. Paul, MN 55127

Phone: (651) 426-6466 [www.bioe.com](http://www.bioe.com)

BioE® is a biotechnology company dedicated to providing enabling, accessible tools for cord blood research and clinical applications. The company's newest product, PrepaCyte-CB (Cord Blood) Processing System, is intended for use in cell processing laboratories to process and store total nucleated cells (TNC) from human umbilical cord blood, prior to banking. 510(k) cleared in 2008.

**Blood System Laboratories**

2424 West Erie Dr, Tempe, AZ 85282

Phone: (602) 343-7011 [www.bloodsystemslaboratories.org](http://www.bloodsystemslaboratories.org)

The HLA Laboratory in Tempe, Arizona is accredited by the American Society for Histocompatibility & Immunogenetics for performance of high resolution DNA typing of Class I and Class II HLA alleles. Patients needing bone marrow or stem cell transplantation as well as both related and unrelated donors can be typed.

**BloodCenter of Wisconsin Diagnostic Laboratories**

638 N 18 St, P.O. Box 2178, Milwaukee, WI 53201-2178

Phone: (800) 245-3117 [www.bcw.edu](http://www.bcw.edu)

BloodCenter of Wisconsin is your partner for transplant-related clinical testing services. We offer reliable HLA typing and chimerism results when you need them. Visit our booth to talk about matching our innovative testing strategies and customer-driven services with your unique needs.

**BMT InfoNet**

2310 Skokie Valley Rd, Suite 104, Highland Park, IL 60035

Phone: (847) 433-3313 [www.bmtinonet.org](http://www.bmtinonet.org)

BMT InfoNet provides patient-friendly information about stem cell transplantation and emotional support to patients and their loved ones including newsletters, books, transplant directory, drug database, peer support program and survivorship symposia.

**Carlson Wagonlit Travel**

3001 Broadway St NE, Minneapolis, MN 55413

Phone: (612) 627-8108 [www.carlson.com](http://www.carlson.com)

CWT has been the designated travel agency for the National Marrow Donor Program for the past 13 years.

**CIBMTR**

MCW Clinical Cancer Center  
9201 W Wisconsin Ave, Suite C5500, Milwaukee, WI 53226  
Phone: (414) 805-0700 [www.cibmtr.org](http://www.cibmtr.org)

The CIBMTR collaborates with the global scientific community to advance hematopoietic cell transplantation and cellular therapy research worldwide. A combined research program of the NMDP and the Medical College of Wisconsin, the CIBMTR facilitates critical, cutting-edge research that has led to increased survival and an enriched quality of life for thousands of patients. The prospective and observational research is accomplished through scientific and statistical expertise, a large network of transplant centers and clinical database of more than 300,000 transplant recipients.

**EXAKT Technologies, Inc.**

7002 North Broadway Extension, Oklahoma City, OK 73116-9006  
Phone: (800) 866-7172 [www.exaktpak.com](http://www.exaktpak.com)

You already know EXAKT-PAK® CT and IDM kits. If you haven't switched over to the new, smaller kits, stop by our booth to see what the new EXEMPT kits offer. And we would love to talk with you about your center's other shipping needs. All EXAKT-PAK® packages are independently tested and certified to meet IATA and DOT performance criteria.

**HKS Medical Information Systems**

1120 S 101 St, Suite 310, Omaha, NE 68128  
(402) 398-2225 [www.hksys.com](http://www.hksys.com)

HKS Medical Information Systems (HKS) is a private company headquartered in Omaha, NE. HKS™ first product, OTTR, was a break-through patient tracking application developed specifically for solid organ transplant centers. HKS currently has contracts with over 75 transplant centers in the United States and Canada. HKS is supporting over 250 different organ transplant programs in the specialty areas in Solid Organ: Kidney, Liver, Heart, Lung, Pancreas, Small Bowel and Islet Cell. HKS is rolling out the new Bone Marrow Module, OTTRbmt.

**ICCBBA**

P.O. Box 11309, San Bernardino, CA 92423  
Phone: (909) 793-6516 [www.iccbba.org](http://www.iccbba.org)

ISBT 128 sets a global standard for the identification, labeling and information processing of human blood, tissue and cellular therapy products across international borders and disparate health care systems. The standard has been designed and perfected over a period of almost two decades to ensure the highest levels of accuracy, safety and efficiency for the benefit of donors, patients and official ISBT 128 licensed facilities worldwide.

**Invitrogen/Life Technologies**

9099 N Deerbrook Trail, Brown Deer, WI 53223  
Phone: (800) 828-6666 [www.invitrogen.com/transplantdiagnostics](http://www.invitrogen.com/transplantdiagnostics)

Life Technologies was created by the combination of Invitrogen Corporation and Applied Biosystems, Inc. in November of 2008, and Life Technologies continues to serve its customers under those two well-known brands. Invitrogen is the premier provider of reagents and consumables that are usable across multiple platforms, while Applied Biosystems remains the top provider of systems-based, end-to-end solutions in areas such as Transplant Diagnostics, PCR, genetic sequencing, and mass spectrometry.

**Kashi Clinical Laboratory**

3678 SW Cascade Vista Dr, Redmond, OR 97756  
Phone: (503) 336-4713 [www.bonemarrowtest.com](http://www.bonemarrowtest.com)

Kashi Clinical Laboratories is a full service, fully accredited clinical laboratory specializing in HLA and other transplant-related testing. Kashi offers customized testing from pre-transplant screening to post-transplant monitoring for transplant centers, registries, research projects, CRO's, clinical trials and cord banks. Kashi also offers private HLA testing for individuals globally. Our partnerships allow us to offer clients expanded services for disease detection and immunotherapy as well as other diagnostic testing. Kashi Clinical Laboratories consultation services, quick turnaround times and broad range of customization provide reliable and efficient results and the highest standard of excellence.

**Laboratory Corporation of America Holdings**  
DNA Identification Testing Division  
1440 York Court Extension, Burlington, NC 27215  
Phone: (800) 533-1037 [www.labcorp.com](http://www.labcorp.com)

Laboratory Corporation of America® Holdings (LabCorp) operates one of the nation's most extensive clinical laboratory networks. This network is made up of one of the world's largest and most experienced HLA testing laboratories, providing comprehensive HLA analysis, ranging from intermediate to allele level resolution, and engraftment monitoring analysis for medical communities worldwide. With its extensive and diverse doctoral staff, combined with highly skilled technical and administrative support, LabCorp is able to provide clients with the most comprehensive service in the industry.

**LABS Inc.**  
6933-B S Reverse Pkwy, Centennial, CO 80112  
Phone: (800) 321-6088 [www.labs-inc.org](http://www.labs-inc.org)

LABS is recognized as a quality leader in transplant laboratory services focused on transplant immunology, infectious disease testing and microbiology. Stem cell and cord blood transplant specializations include registry and confirmatory HLA; sequence based typing, engraftment analysis, stem cell sterility testing, CD34 enumerations, CFU cultures, hemoglobinopathy screening, infectious disease marker screening and NAT testing

**MNX - LifeScience Global Logistics**  
1395 S Marietta Pkwy, Marietta, GA 30188  
Phone: (678) 429-6155 [www.mnx.com](http://www.mnx.com)

MNX is a full-service Medical Courier that is designed to focus on the safety, compliance and timely transport of life saving medical shipments. We specialize in same day door-to-door transportation services within the U.S. and International. We provide complete web based tracking and a professional staff to talk to 24/7/365. Contact Sarah O'Brien at 678-429-6155.

**National Bone Marrow Transplant**  
20411 W Twelve Mile Rd, Suite 108, Southfield, MI 48076  
Phone: (800) 546-5268 [www.nbmtlink.org](http://www.nbmtlink.org)

Established in 1992, the National Bone Marrow Transplant Link helps patients, caregivers, and families cope with the social and emotional challenges of bone marrow/stem cell transplant from diagnosis through survivorship by providing vital information and personalized support services.

**National Foundation for Transplants**  
5350 Poplar Avenue, Suite 430, Memphis, TN 38119  
Phone: (901) 684-1697 [www.transplants.org](http://www.transplants.org)

National Foundation for Transplants offers hope to patients by helping them overcome financial obstacles that may prevent or delay their lifesaving treatment. We provide advocacy, fundraising expertise and grants to organ and tissue transplant candidates and recipients nationwide for medical care, medications and travel needs they otherwise could not afford.

**NMDP**  
3001 Broadway St NE, Minneapolis, MN 55413  
Phone: (800) 526-7809 [www.marrows.org](http://www.marrows.org)

National Marrow Donor Program, saving lives through cellular transplantation, science, service and support.

**Patient Advocate Foundation**  
700 Thimble Shoals Blvd, Suite 200, Newport, VA 23606  
Phone: (800) 532-5274 [www.patientadvocate.org](http://www.patientadvocate.org)

Patient Advocate Foundation is a national non-profit organization that seeks to safeguard patients through effective mediation assuring access to care, maintenance of employment and preservation of financial stability. PAF serves as an active liaison between patients and their insurer, employer and/or creditors to

resolve insurance, job retention or debt crisis matters relative to their diagnosis through professional case managers, doctors and health care attorneys.

#### **Quick International**

280 Park Ave S, New York, NY 11010

Phone: (800) 488-4400 [www.quickintl.com](http://www.quickintl.com)

Available 24 hours a day, 365 days a year, Quick has been meeting your urgent shipping needs around the globe faster than anyone else for over 20 years. We transport everything from organs for transplant to crucial time-sensitive documents. Our personalized service offers hands-on monitoring, web-based tracking and on-time delivery for your most impossible deadlines.

#### **STEMCELL Technologies Inc.**

570 W 7th Ave, Suite 400, Vancouver, BC V5Z 1B3

Phone: (604) 877-0713 [www.stemcell.com](http://www.stemcell.com)

STEMCELL Technologies, a leader in specialty cell culture media, cell separation products and ancillary reagents for life science research, is a privately-owned biotechnology company based in Vancouver, Canada. Driven by science, STEMCELL delivers over 800 products to more than 60 countries worldwide. To learn more about how STEMCELL helps to make research work, visit [www.stemcell.com](http://www.stemcell.com).

#### **STEMSOFT Software**

401-570 W 7th Ave, Vancouver, BC V5Z 1B3

Phone: (800) 671-3234 [www.stemsoft.com](http://www.stemsoft.com)

STEMSOFT, a leader in cell therapy transplant software, offers a family of integrated clinical and laboratory software applications designed to heighten quality control and reduce duplicate data entry. STEMSOFT's flagship product BMTbase provides users with a local copy of submitted SCTOD forms via AGNIS for statistical analysis and electronic generation of the ASBMT RFI forms.

#### **Transtem, LLC**

10805 Sunset Office Dr, Suite 300, St. Louis, MO 63127

Phone: (877) 350-3497 [www.transtem.com](http://www.transtem.com)

Transtem, LLC is a software development and professional consulting firm whose principals and staff have extensive knowledge and real world experience in the field of hematopoietic stem cell transplant. As a result of this expertise, and our experience as end-users, we are in a position to understand the needs and limitations associated with this industry. Our team will be able to develop comprehensive, imaginative, and practical solutions for your program.

#### **World Marrow Donor Association**

Plesmanlaan 1b, Leiden, The Netherlands 2333BZ

Phone: 31 71 568 5366 [www.worldmarrow.org](http://www.worldmarrow.org)

The World Marrow Donor Association (WMDA) is a non profit association of stem cell registries, cord blood banks and individuals with an interest in hematopoietic stem cell transplantation. WMDA fosters international collaboration to facilitate the exchange of high quality hematopoietic stem cells for clinical transplantation worldwide and to promote the interests of donors.
